

Leaf Disposal Program

Free Leaf Pick Up

Our leaf collection program has been modified starting with this fall's collection. The fall period of time of free leaf collection has been decreased to six weeks from eight weeks. The two weeks deleted from the fall collection will be moved to a new springtime collection when bagged leaves are collected free of charge.

As part of the Village's contract with our disposal service, Village residents who place their leaves in **brown paper yardwaste bags** do **not** have to affix yardwaste stickers on the bags during the 6-week period this fall or the 2-week period next spring. These yardwaste bags are collected by Nu-Way on the same day as your regular garbage collection.

1 Veterans Parkway
New Lenox, IL 60451

This year's free pickup starts **October 22nd**. The last free leaf pickup day for 2009 is Saturday, November 28th, which coincides with the annual end-date of landscape waste facilities' season.

Please note: Yardwaste bags filled with grass clippings, garden waste, and brush still require that yardwaste stickers be affixed to each bag or bundle.

Leaf Bags for Senior Citizens

In addition to the free leaf collection for bagged leaves, the Village offers ten free yardwaste bags per Fall for our Senior Citizen Households. Each fall, our senior residents are provided ten free yardwaste bags as part of our refuse contract with NuWay Disposal.

We would like to remind Village residents who are Senior Citizens (over the age of 65) to stop by Village Hall to get their packet of ten free yardwaste bags.
