PARKWAY TREE GUIDELINES
(Final Subdivision Plat, Final P.U.D. Plat)

For all residential final subdivision plats, the landscape and parkway tree plans must conform to the requirements specified in the Zoning Ordinance and Subdivision Code. In order for the parkway tree plan to be effectively implemented, the following criteria are emphasized:

1. The Subdivision Code and Zoning Ordinance require one tree for each 40 lineal feet of street length. After making this calculation, the exact number of required parkway trees will be known for the subdivision.
2. Trees planted shall be at least 2½ inches in caliper measured six inches above grade. The species must be chosen for the list specified in the Subdivision Code. Due to Emerald Ash Boer Beetle, please do not include any ash trees.
3. The Subdivision Code and Zoning Ordinance require that trees be planted halfway between the curb and sidewalk, no less than 30 feet apart, at least 10 feet from all driveways, streetlights and fire hydrants. In order to provide for adequate intersection visibility, the Zoning Ordinance also requires that no tree be planted closer than 30 feet to the intersection of two right-of-way lines and/or edge of private road easements. The required number of parkway trees must then conform to these spacing and location requirements.
4. In order to ensure that the required number of parkway trees will meet the spacing and location requirements, the submitted parkway tree plan must overlay the utilities (e.g. water line, sewer line, manholes, fire hydrants, street lights, etc.) and proposed driveway / driveway apron locations. The Zoning Ordinance requires a minimum 20-foot wide driveway, but if larger driveways are anticipated (e.g. 25-30 feet wide), then these widths and aprons should be reflected on the parkway tree plan. The landscape architect may then need to coordinate the parkway tree plan with the engineer for the proposed subdivision.
5. After overlaying the utilities and driveways, the required number of parkway trees may not fit within the subdivision. However, this does not mean that the developer will not have to comply with the required number of parkway trees. The developer will have to then contact Village staff in order to discuss alternative planting areas, such as within the right-of-way along any required park sites and/or detention areas (if room available).
6. In terms of parkway tree installation, the Subdivision Code mandates that on an annual or semiannual basis, the developer shall contract for the installation of parkway trees for all lots requiring parkway trees and that have received certificate of occupancy during that year. Planting will be done in the spring and/or fall of each year. Since the parkway trees are covered through the approved letter of credit, the Subdivision Code states that the developer is responsible for the planting. The planting responsibility cannot be transferred to the individual lot owners.

As a reminder, this is not an exhaustive list, as all of the requirements of both the Subdivision Code and Zoning Ordinance must be followed. If you have any questions, please contact the Planning Department at (815) 462-6460.

PROFESSIONAL FEE AGREEMENT

This Agreement entered into this _____ day of _____, 20__, between the **VILLAGE OF NEW LENOX**, a Home Rule Illinois Municipal Corporation (hereinafter referred to as "VILLAGE") and _____ (hereinafter individually and collectively referred to as "DEVELOPER").

WHEREAS, as a result of the DEVELOPER's project, which is _____, the VILLAGE must have its professional staff analyze, review and comment upon and perform other services solely on the VILLAGE's behalf from the time of the inception of the project through its completion; and

WHEREAS, the DEVELOPER acknowledges it should pay the VILLAGE's costs and expenses for professional staff services rather than impose the costs upon the VILLAGE residents.

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein and other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged by the parties by the execution hereof, it is hereby agreed as follows:

SECTION ONE: PROFESSIONAL FEES. The DEVELOPER shall pay the VILLAGE any and all professional staff fees, costs and expenses incurred by the VILLAGE as a result of or in conjunction with the DEVELOPER's project from this date and prior thereto, through the project's completion as determined by the VILLAGE and/or the VILLAGE's acceptance of all public improvements associated with the project, whichever occurs last.

The VILLAGE's professional staff includes, but is not limited to, its attorneys, engineers, land planners, landscape architects, arborists, traffic and transportation consultants.

Fees shall include, but not be limited to, all time associated with any review, analysis, discussions, meetings, inspections, planning and all other work or services performed on behalf of the VILLAGE in conjunction with the project.

The VILLAGE's professional staff fees shall be billed to the DEVELOPER in the amount as authorized by the VILLAGE to be paid for such services.

SECTION TWO: SECURITY. Prior to the start of any work on the DEVELOPER's project, the DEVELOPER shall post with the VILLAGE cash or certified funds as security for the DEVELOPER's payment of such professional staff fees, costs and expenses, the sum of i) \$500 for residential variances; ii) \$5,000 for preliminary subdivision plats, preliminary planned unit development plats, final subdivision plats and final planned unit development plats; or iii) \$1,000 for all other types of requests. The VILLAGE is specifically authorized to apply this

security in payment of such fees, costs and expenses in the event the DEVELOPER fails to make timely payments to the VILLAGE as required under this Agreement. The DEVELOPER is obligated to continuously maintain the original deposit amount with the VILLAGE until the project's completion.

SECTION THREE: PAYMENT. The VILLAGE shall provide the DEVELOPER with an itemized statement of fees. The DEVELOPER shall pay the VILLAGE within thirty (30) days upon receipt of the statement from the VILLAGE. If the DEVELOPER does not pay the statement within the thirty (30) day period, interest shall accrue on the unpaid balance at the rate of one and one half percent (1 1/2%) per month. The VILLAGE may also direct that all professional staff and Village staff cease work on the project of the DEVELOPER until all statements are paid in full.

SECTION FOUR: COOPERATION. The DEVELOPER shall fully cooperate with the VILLAGE, its officials and professional staff with respect to its project.

SECTION FIVE: REPRESENTATION OF VILLAGE ONLY. The DEVELOPER acknowledges that the VILLAGE's in-house and professional staff solely represent the VILLAGE and the VILLAGE's interest and do not represent the DEVELOPER.

SECTION SIX: CONFLICT. If any of the terms and provisions of this Agreement conflict with any ordinance of the VILLAGE or agreement between the parties, the terms and provisions of this Professional Fee Agreement shall supersede and control any other terms and provisions.

SECTION SEVEN: ATTORNEY'S FEES. In the event any suit or other action is brought to enforce or which otherwise affects this Agreement, or any of its provisions, the DEVELOPER, in addition to all other costs and expenses shall pay the VILLAGE's attorney's fees, expert witness fees, costs and any other associated expenses.

SECTION EIGHT: SEVERABILITY. The invalidity of any paragraph or subparagraph of this Professional Fee Agreement shall not impair the validity of any other paragraph or subparagraph. If any provision of this Agreement is determined to be unenforceable, such provision shall be determined severable and the Agreement may be enforced with such provision severed or as modified.

SECTION NINE: ENTIRE AGREEMENT. This Agreement embodies the entire agreement and understanding between the parties and there are no other agreements, representations or understandings, oral or written, between the parties with respect to the subject matter of this Agreement. No alteration, modification, amendment or change of this Agreement shall be valid unless agreed to by the parties in writing.
